

Woodside

IT'S ALL ABOUT COMMUNITY SPIRIT

Homeless Connect Perth was blown away by the team spirit and hard working nature of Woodside's Corporate Affairs team on their recent team volunteering day!

100% of the team felt that volunteering improved their:

Sense of wellbeing and purpose

Understanding and empathy with other people

Awareness of wider social issues

Pride in the company/ my job

It was all hands on deck on Monday 11th of November, a day before the official bump-in of Homeless Connect at Russel Square in Northbridge. The team were given a quick briefing in the morning before the warehouse coordinators instructed the team to disperse into multiple smaller teams.

The objective for the day was to pack up all the items that had been organised and arranged on racks and in boxes and load up 3 trucks. Corporate Affairs were methodical, organised and focused with tackling the tasks, resulting in the entire warehouse being emptied within only a few hours. Great team work Corporate Affairs!
